WILL PROBE 'WILDCATTERS'

Indictment of Many Persons Looms as Possibility in Chicago Scandal

CHICAGO, Feb. 15.—Grand jury indictment of 30 persons connected with Ponzi-like organizations of frenzied finance in Chicago, "the head of wildcat" investors, today following the announced "clean up" campaign instituted by federal, state and city agents. Evidence tending to show "conspiracy to operate a confidence game and to obtain money under false pretenses" in the case of Leslie Harrington and his 29 associates were rushed to the grand jury. At the same time disgruntled field agents of Raymond J. Blachoff, central figure in a \$5,000,000 failure, were arranging an indictment meeting in the office of a La Salle street firm. They were to make charges against "Ponzi No. 2," similar to those of the other numerous creditors.

During the morning an involuntary petition in bankruptcy was filed in the United States district court against Charles H. Apple, La Salle street firm, which had left town could not be verified.

Can't Rob England of Supremacy. NEW YORK, Feb. 15.—Averill Harriman, chairman of the board of the United American Line, who arrived here today on the Olympic from Europe, declared that "even if England should scrap her entire battle fleet she would still retain supremacy of the seas through her possession of a merchant marine which could readily be converted for war purposes to surpass the power of any other fleet afloat."

Will File Knickerbocker Charges. WASHINGTON, Feb. 15.—Charges of involuntary manslaughter will be lodged against the nine men charged held by the coroner's jury in connection with the collapse of the Knickerbocker theater which took a toll of 35 lives, Dr. J. Ramsey Smith, chief of Columbia, announced today.

DRY' ANSWERS MRS. ASQUITH

Hints That She Exhibited Ignorance in Attack Upon Prohibition

WASHINGTON, Feb. 15.—Margaret Asquith, wife of former premier Asquith of England and author of "Margot's diary," has succeeded in dragging a skeleton from one closet, her arrival in the national capital.

An expectant public is rejoicing, having anticipated someone's taking issue with Margot's denunciations.

Wayne B. Wheeler, general counsel of the anti-alcohol league, "bit" for Margot's categorical "thumbs down" remarks against prohibition in America and today issued a statement which read in part: "If Mrs. Asquith knows as little about other subjects which she discusses as she does about prohibition, her lectures in this country will be a failure. People who live in glass houses should not throw stones. Convictions for drunkenness in England increased 65 per cent while in the United States they decreased over 50 per cent last year."

This statement was prompted by Margot's assertions that Americans are not free; they have no liberty. "You overdo everything," said Margot. "You have included light wines in the prohibition and yet you do not enforce your laws which makes your prohibition worse than prohibition at all. You overdo the movies also. Every day I have seen something about Fatty Arbuckle, until I am tired of it."

Margot said her calls for Detroit. She plans to call upon Henry Ford there.

Hoover Gives Approval To World Oil Conference

WASHINGTON, Feb. 15.—Secretary of Commerce Hoover, appearing today before the house foreign affairs committee, urged favorable action on a resolution proposing the calling of an international conference to discuss regulations and legislation for the abatement of the "oil nuisance" in port waters and navigable streams. Hoover suggested that a survey be made to determine how oil deposits in things were could be eliminated with the least possible restrictions to industry.

COUNTY BREEDERS BUY BEST STOCK

Skiatook Farmer Pays \$300 for Giant's Wonder Lady

Tulsa county breeders obtained the highest priced stock at the sale of pure bred Duroc Jersey hogs by J. V. Brooks & Sons of Hixdale, Mo., at the fairgrounds Tuesday afternoon, indicating improving conditions in the livestock industry in this county and a growing realization of the value of pure breeds on the farm. Prices paid were said to reach the highest average of this winter's hog sales in Oklahoma.

Tulsa county buyers were T. A. Hunt and W. L. North of Tulsa, E. L. Johnson of Skiatook, T. M. Griffoyle of Sperry, D. A. Wilson, Arch J. Johnson and William Schuttler of Broken Arrow, while other buyers were from Muskogee, Bartlesville, Bigheart, Pawhuska, Miami, Payson, Grove, Catoosa and Kiefer. The gilt bringing the highest sale price was Giant's Wonder Lady, purchased by E. L. Johnson of Skiatook at \$300, while purchases next in the scale were by William Schuttler of Broken Arrow, Joe Schenbert of Miami and La. Johnson of North. Children of Broken Arrow acted as sales manager.

Would Save Old Federal Employees. WASHINGTON, Feb. 15.—Pointing out that the existing retirement law favors only classified employees, Luther G. Stewart today urged President Harding to issue an executive order to prevent the dropping from government service without any provision for their old age superannuated government employees who are not on the so-called classified lists. Thousands of unclassified employees, Stewart declared, are being dropped daily without notice.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel Backache or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing the uric acid waste and poison. When you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush out the body's uric waste get about four ounces of Jad Salts from any pharmacy. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then get fine and bladder disorders disappear. The famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful, refreshing lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Advertisement.

ROTARIANS STAGE REAL BURLESQUE

Present Takeoff on Petticoats for Benefit of Guests

Brains and beauty were offered as a potential asset to the school board and an addition to its brown at the Rotary luncheon Wednesday when Jack Robb and Merle C. Prunty introduced prospective women candidates. Effectively disguised beneath wigs and powder and behind skirts, Nell Sutherland and W. P. Stahl made known their impending campaigns for school board membership.

Wednesday was ladies' day, and Ron Lancaster, in a brief talk presented the regular program and announced that if the guests were going to follow precedent established the last few times and take over the meeting, he would be glad to have them do so immediately and save him embarrassment of interruption. Mrs. Lancaster, answering him, announced that the Rotary Anna had now an explanation of their own, the auxiliary to Rotary, and that they were happy to be entertained on this occasion, instead of entertaining. Whereupon Prunty, as campaign manager, was dispatched to the lobby to bring in the applicants for the school board whose appearance and actions during the impromptu appeals of their respective campaign managers, kept the Rotarians and Rotary Anna in an uproar. Qualification on the part of Stahl, Miss Splevina, Robb explained, was the fact that she is a three time divorcée, a cigar smoker and a sophisticated woman, a tribute borne out by the ultra sophistication of her ultra delectable evening gown. Sutherland posed as Sincerity Tanalac, the mother of

eleven children, none of whose fine points were neglected by Prunty. The Rotary Anna were presented with flowers, and with valentines by Clark Field.

George Stanley was Rotarian, Mrs. Leo Fuest entertained the club with an original poem about Rotarians and Rotary Anna, "Let Her Play" and Mrs. G. Garabedian played violin solos.

Joe Mitchell was chosen vice president of the club for the coming year and will work with Ralph Talbot, the newly elected president. Charles McCoun, N. R. Graham Harry Gale and Leo Levering were nominated for secretary and selection will be made at the meeting next week.

MARCH 23 IS RED-LETTER DAY

Tulsa Salvationists Will Go to Oklahoma City to Hear Miss Booth.

March 23 is a red-letter day for the Salvation Army of Oklahoma, according to a commandant, O. T. Johnson of the local citadel, as on that day Commander Evangelist Booth, in charge of all Salvation work in this country, will speak at Oklahoma City. Commandant and Mrs. Johnson with a party of twenty or more local Salvationists will attend the meeting, as will army officers and soldiers from all over the state.

Commander Booth will be unable to make more than one stop in Oklahoma. Commandant Johnson has announced that he is now hurrying homeward after an extensive trip to the Hawaiian Islands and through the west. Both local officers have seen Commander Booth in action and describe her as one of the most powerful and thrilling speakers they have heard on any platform. She is the sister of General Bramwell Booth, in charge of the work in Britain, and is the daughter of General William Booth of Britain, who founded the army.

A complete motion picture projector and phonograph have been combined in a single cabinet by a Californian, the pictures being shown at the place in front which the sounds emerge.
